Kellyville, OK 74039
Office 918-247-6465 Fax 918-247-6147
TTY/TDD 711

This facility is an equal opportunity employer and provider.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

April 15, 2026

Re: Violation for late submission of water testing samples

Our water system violated drinking water requirements pertaining to the containment(s) of concern listed below. Although this violation is not considered an emergency, as our customers, you have a right to know what happened and what we are doing or have done to correct this violation. Customers are not at risk, and there is no reason to suspect any potential adverse health effects. Alternative water supplies are not needed.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the following monitoring periods, we did not monitor or test for the following contaminants, and therefore cannot be sure of the quality of your drinking water during that time:

Type of Sample: Volatile Organic Chemicals

Monitoring Period: 1/1/2003 to 12/31/2025

What does this mean? This is not an emergency. If it had been, you would have been notified immediately.

What is being done? We have since taken the required samples, had them tested and we are now in compliance. Those results are included with this letter and are all within required standards.

We at Creek County Rural Water District 1 work around the clock to provide top quality water to every tap. Thank you for allowing us to continue providing for your family with clean quality water.

For further information, contact Mitch Conley, 918-247-6465, 139 East Buffalo St, Kellyville, OK

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in public places or distributing copies by hand or mail.

This notice is being sent to you by Creek County Rural Water District 1.

National Environmental Laboratory Accreditation Program ODEQ TNI Certified

Sample Project Name: SDWIS Analysis

Date Samples Received: February 27, 2026 **Time:** 16:06 **sample temp upon arrival at lab =** 9.70°C - On Ice

Matrix: Drinking Water

Lab Log Numbers: IB27057-01 IB27057-02

Work Order: IB27057

Report # IB27057-0306260950

EPA Lab ID#s: Stillwater OK00092 Tulsa OK00983 OKC OK00129 ICR OK 001

Oklahoma Certification: Stillwater NELAP WasteWater, ODEQ 8316/ Drinking Water, DEQ D9602
 NELAP Tulsa WasteWater, ODEQ 9905 / Drinking Water, DEQ D9901
 Oklahoma City NELAP WasteWater ODEQ 7202 / Drinking Water, DEQ D9937

Kansas Certification: Stillwater NELAP CERT # E-10219

Method Reference: 40 CFR 136, 141, and 261 Methods for Chemical Analysis of Water and Wastes EPA-600/4-79-020, March 1983. Test Methods for Evaluating Solid Wastes, SW-846, Final Update VI. Standard Methods 2017 (23rd Edition), Standard Methods 2023 (24th Edition) for the Examination of Water and Wastewater.

Analysis Reference: If qualifiers present in "Prep Info" or "Analysis Info", then analysis performed as follows: @ = Tulsa Lab and * = OKC Lab. If no qualifiers present, then analysis performed at Stillwater Lab.

Accurate Environmental Laboratories certify that the test results performed meet all requirements of TNI. Any exceptions to this can be found in the report notes, Quality Control section, or Method/Parameter section of the report.

- No cert. = Laboratory does not carry certification for this method/analysis.
- Non-TNI = Laboratory has state certification but method does not fall under TNI certification.

This report is to only be replicated in its entirety.

Revised or Amended reports supersede all previous reports.

Accurate Environmental sampling protocol was followed for any sampling performed by Accurate Field Services.

Field accreditation certification only applies to wastewater analysis. Field analysis for drinking water methods are not offered as part of the ODEQ's field certification program.
